DETAILED ACTION

Allowable Subject Matter

1. Claims 1-11 and 14 are allowed.
2. The following is an examiner's statement of reasons for allowance:

In response to remarks and claim amendments made in Applicant's Amendment filed on 05/10/2007, the arguments are persuasive. Amended claims have been considered and upon conclusion of a comprehensive search of the prior art, the Office indicates that the claims, as amended, are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and relied upon is considered pertinent to applicant's disclosure. The best consider with this application can be filed in Wood (U.S. Patent 6,002,213) and Jayaraman (U.S. Patent 5,751,115).

Drawings

4. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the labels and margins of the Figures are not in formality. Applicant is advised to employ the services of a competent patent draftsperson outside the Office,

Art Unit: 2821

as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
